TROPO

Hospitality and residential furniture since 1989.

Being based in the tropics and having done decades of resort work worldwide, it is natural that Warisan collections trend towards tropical flare and feel. An abundance of plantation teak and mahogany alongside other many naturally occurring complimentary materials, like recycled seashells taken from dining outlets on Jimbaran Bay, makes the tropical feel easily achievable -whether for private residence or resort.

We hope you will enjoy exploring this new range.

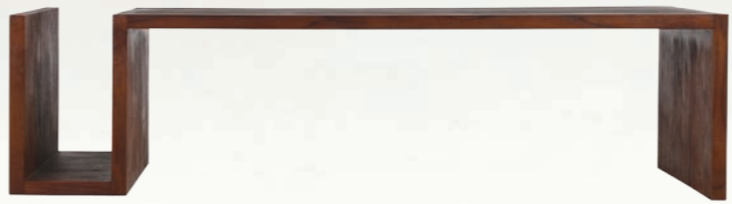

For these and other Tropo items, peruse our data base while visiting www.warisan.com.
